Home / Toppers Cake Wedding / Toppers Cake Name::Back to the previous page tired of the same old fashion of topper cake? Can't find the bride and groom topper cake this is a careful representation of you and your husband to be? Many couples who face the same options choose to choose a monogrammed cake topper. This style of topper cake is a wonderful choice as it still allows you to customize your cake and choose from a variety of contemporary and trendy cake toppers. Metal monograms were a preferred option offered in many endings, letter designs, character designs, and this classic style allows for these wide range of options. If you want to fill your top layer completely with your monogram, you can choose to bring a three-letter monogram to your cake, or you can choose the initial two design with an annexation signal or heart between your initials. This is an excellent choice for couples whose bride is keeping her last name. Traditional metal design monos are also a great choice if your cake is somewhat more detailed. Using a very simple fashion mono, you will not detract from the delicate function of your baker. If you want to find a gallery stopper, then maybe mono crystal is the perfect match for you. Crystal touches are a great choice to bring a little elegance to your cake. The same metallic monograms are suitable for more detailed cakes, and the crystal is perfectly suited for stylish and modern cake. If you're just trying to find a bling mark, you might choose to get a partially decorated monogram. This gives you this extra thing for your cake without breaking your budget or outshining your cake. With the flexibility of this type of topper cake, you may even opt to take advantage of the acrylic monogram also acrylic style cake toppers often up in square form along with your modified is etched right into the cube. Or for the additional layout and layout, come acrylic cubes offer you plastic cling support. This adds precise details and color to the top of your cake as well.
